

COMMON COUNCIL MEETING

(Continued from Page 8.)

The state of Connecticut passed by the General Assembly during the session of 1909, said act relating to the hours within which spirituous and intoxicating liquors shall be sold, exchanged or given away.

Adopted by a unanimous rising vote.

The Paving and Sewer Commission reported that the New York, New Haven and Hartford Railroad Company and The Connecticut Company intend to take up at once the present tracks on Fairfield avenue, from Main street to Water street, and lay new tracks on that portion of said avenue and will lay the same along the present center lines, accepting as final the decision of your honorable body refusing to grant permission for ten-foot centers on said street; and they have not taken any appeal to the Railroad Commissioners from the action of your honorable body relative to Fairfield avenue. Said companies also intend to newly pave the portion of said avenue covered by their right of way, with brick.

It seems to this Commission that it would not be good policy or sound judgment to endeavor to place back or relay, on the City's portion of said avenue, the old, badly worn brick now there, but that the City's portion ought to be newly paved.

With this purpose in view the passage of the following resolution is recommended:

Resolved, That the City Clerk is hereby directed to cause legal notice to be given to all parties in interest to appear before the Common Council at the Council Chamber in said city, on Monday evening, September 20th, 1909, at 8 o'clock and be heard relative to the paving of Fairfield avenue, from Main street to Water street.

Adopted.

The same Commission reported relative to the brick paving of Main street from Atlantic street south to the southern terminus of said street, as previously ordered by your honorable body. That all the material required for the city's portion of the work are now, and have been for some time, available, awaiting the proper time to begin the work and prosecute it to completion.

But that owing to the disagreement between the street railway company and the street railway company relative to the refusal of your honorable body to allow the company to place its tracks on the centers asked for, the company is not ready to proceed with the work but has taken an appeal from your action to the Railroad Commissioners, and the probabilities are, unless some reasonable agreement is reached between the City and the Company, that the work of paving Main street may not be done this year.

It seems to this Commission that it would not be unreasonable to grant the street railway company permission to construct its tracks on that portion of Main street, from Atlantic street south, on the same centers as the tracks are on that portion of Main street from Atlantic street north to Gilbert street, which this Commission is informed is practically on nine feet ten inch centers. That portion of Main street, from Atlantic street south, is probably the least traveled portion of said street, and in the judgment of this Commission no great public inconvenience will result if the street railway company is permitted to continue the location of tracks on the same centers as now exist, from Atlantic street north to Gilbert street. If your honorable body can see your way clear to do this all obstacles to the paving of Main street, southerly portion, will be removed. With this object in view, this Commission recommends for adoption the following resolutions:

Resolved, That permission is hereby granted to the New York, New Haven and Hartford Railroad Company to locate its street railway tracks on Main street, from Atlantic street southerly on the same center lines, to wit: Nine feet, ten inches, as the tracks of said company are now located, on said Main street, from Atlantic street southerly to Gilbert street.

Resolved, That said company is hereby directed to proceed forthwith to locate its tracks as aforesaid, on said center lines, and complete the location of such tracks and the brick paving of Main street from Atlantic street to the southerly terminus of Main street, within thirty (30) days from the date of the passage of this resolution.

Adopted.

The Special Committee appointed relative to the layout of Pacific street as fully appears by resolution adopted, July 6, 1909, reported that they had in compliance with said resolution and the provisions of the Charter, laid out Pacific street, in accordance with the particular description, alignments, maps and surveys herewith submitted, presented and made part thereof.

The center line of this layout begins at a point two hundred and twenty-one and twelve hundredths (221.12) feet easterly of the easterly line of Laurel avenue measured along the present southerly line of Pacific street, thence southerly to Beechwood avenue meeting said Beechwood avenue at a point two hundred and eighty-three and ninety-two hundredths (283.92) feet easterly of the easterly line of said Laurel avenue measured along the northerly line of said Beechwood avenue.

Said layout is for a street fifty (50) feet in width, sidewalks nine (9) feet in width and submitted for adoption the following resolution:

Resolved, That the above and foregoing report be and the same is hereby approved and accepted; and referred to the Board of Assessors for Benefits and Damages to estimate damages and benefits resulting from said layout.

Adopted.

RESOLUTIONS.

By Alderman Tague:

Resolved, That a gas light be placed on the northeast corner of Waterville avenue and Ann street.

Referred to the Committee on Lamps.

By Alderman Hartley:

Resolved, That a sewer well be located on the southwest corner of Barnum and Noble avenues.

Referred to the Committee on Sewers.

By Alderman Wilson:

Resolved, That the frame building now encroaching upon State street extension about 250 feet west of Devoy street be ordered removed within thirty (30) days.

Referred to the Director of Public Works with power to act.

By Alderman Griffin:

Resolved, That the Director of Public Works be directed to remove all show cases, posts, signs and awnings used for advertising purposes on the street between North avenue and South avenue. This to include everything between the curb and buildings and less than 6 feet 6 inches in the clear from the sidewalks.

Adopted.

By Alderman Tague:

Resolved, That a gas light be placed on the northeast corner of Nichols street and Elias street.

Referred to the Committee on Lamps.

By Alderman Zink:

Resolved, That permission be given to Ciro Aiello to move the frame two story house now situated on Connecticut avenue near Wilcox street, to a point easterly on Connecticut avenue near Logan street, known as lots 24 and 25.

Referred to the Director of Public Works with power to act.

By Alderman Griffin:

An amendment to ordinance relative to salaries in the fire department: Be it ordained by the Common Council of the City of Bridgeport:

Section 1. After April 1, 1910, the permanent drivers, hosemen, stokers, linemen, ladder men and tillermen shall be divided in three grades, the

highest to be known as Grade A, the next to be known as Grade B, and the lowest to be known as Grade C. All permanent drivers, hosemen, stokers, linemen, ladder men and tillermen shall receive the same increase of pay, to be paid on the first day of January of the next succeeding year in Grade C, the next succeeding year in Grade B, and each succeeding year thereafter in Grade A. Except driver, hoseman, stoker, linemen, ladder men and tillermen, who is a member of the regular force on April 1, 1910, shall then be placed in that one of the grades herein provided for, to which his length of service preceding April 1, 1910, entitles him to belong. Drivers, hosemen, stokers, linemen, ladder men and tillermen may be reduced at the discretion of the Board of Fire Commissioners from one grade to another lower grade as a punishment for any offense coming under the jurisdiction of the Board of Fire Commissioners.

Section 2. Commencing April 1, 1910, the yearly salaries of members of the Fire Department indicated below shall be as follows: Captains, \$1,400; engineers, \$1,400; lieutenants, \$1,300 and Grade A drivers, hosemen, stokers, linemen, ladder men and tillermen, \$1,200.

Grade B drivers, hosemen, stokers, linemen, ladder men and tillermen, \$1,000.

Grade C drivers, hosemen, stokers, linemen, ladder men and tillermen, \$800.

Section 3. The permanent firemen acting as blacksmith and carpenter, shall receive \$150 per year in addition to his regular salary while acting in such capacities, and shall be placed in that one of the grades herein provided for, to which his length of service preceding April 1, 1910, entitles him to belong.

Referred to the committee on ordinances.

By Alderman Mahoney:

Resolved, That the Paving and Sewer Commission be ordered to repair the brick pavement on Stratford avenue, from the Yellow Mill bridge to Kosuth street.

Adopted.

Upon motion the Board did then adjourn until Monday evening, September 20, 1909, at 8 o'clock.

Attest,

E. T. BUCKINGHAM, City Clerk.

ECZEMA CURED

Pimples Disappear and Complexion Cleared Over-Night

New York.—Thousands are taking advantage of the generous offer made by The Woodworth Co., 1161 Broadway, New York City, requesting an experimental package of Lemola's, the new skin discovery, which is mailed free of charge to all who write for it. It alone is sufficient to clear the complexion over night and rid the face of pimples in a few hours.

Those who have tried LEMOLA will find that the 50c box on sale in Bridgeport at all drug stores is sufficient to cure the worst form of Eczema where the parts affected are not too large. On the first application of Lemola the itching will stop. It has cured thousands afflicted with Eczema, Teetters, Rash, itching, Irritations, Acne, Scallings and Crusting of skin, scabs of infants, children and adults. It is good for the preservation and purification of the skin, scalp, hair and hands, for the prevention of the clogging of the pores of the face, of pimples, blackheads, redness and roughness and also the treatment of burns, scalds, wounds, sores, chapping, as well as the toilet and nursery.

It contains no grease and being flesh-colored the presence of Lemola on the face or hands is not perceptible.
